

If you are able to participate in Operation Round Up[®], please complete and return this card to Carroll White REMC.

You can send it with your payment, drop it by either the Delphi or Monticello office, call in to join the program or sign up on SmartHub at www.cwremc.coop.

Quarterly updates will appear in the monthly Electric Consumer to inform you about the latest contributions Operation Round Up[®] has participated in.

Once again, we thank you for your contribution.

Please enter information below exactly as it appears on your statement.

*Together our small change
makes a difference.*

Operation Round Up®

Operation Round Up® is a voluntary fund raising program that lets you donate the spare change on your energy bill to help those in need throughout your community,

With an average donation of only \$6.00 per year, and never more than 99 cents a month, you can make a small investment that pays big dividends in your community. Operation Round Up® is families working together to improve their collective quality of life, the same way your local Touchstone Energy Co-op works.

The Program

It's simple. When you agree to participate, we "round up" your energy bill to the next dollar. For example, rather than paying \$61.75, you pay an even \$62, with the extra 25 cents going into the Operation Round Up® fund. The difference goes into a special fund administered by an REMC Board of Trustees. The board will send the money right back to the community - to the places that need it most.

Operation Round Up® can help the community fund needs such as:

- Emergency Personnel
- Programs for seniors, youth and students
- Food banks
- Restoring communities and parks

Listed below are some examples of organizations that Operation Round Up® has been able to aid.

Junior Achievement® Program
across the service territory

Burlington Community Library

Camp Tecumseh

Carroll County Disaster Relief

Delphi Opera House

Pulaski County Soil & Water

American Legion Post #75

Humanitarian Distribution Center

Several local Elementary, Middle School and High School programs.

Operation Round Up® . . .

- does NOT increase your energy rates
- does NOT fund political or private interests in the community
- does NOT pay utility bills
